2011-2012

NFL SUPER BOWL SQUARES

How it Works:

- Each square costs \$50 (Checks payable to Medina High School Boosters). There will be \$2,500 in payouts and the remaining \$2,500 will serve as a fundraiser for the Medina High School Athletic Boosters/Medina B's Baseball program.
- Individuals purchasing squares will need to denote the square they wish to purchase using the grid system. Each square will be assigned a letter and a number (ex. C7). Once a square is purchased, that letter/number combination will be eliminated from the board.
- All 100 squares need to be sold. ***ALL PARTICIPANTS MUST INCLUDE NAME, PHONE NUMBER, AND EMAIL ADDRESS***
- After all squares are sold, members of the Athletic Boosters will publicly choose which numbers (0-9) will be assigned to the different rows and columns.
- At the end of each quarter, the last numeral in the score of the respective Super Bowl teams will be followed across the row and down the column until the two intersect. That square will be the winning square.
 - o The adjoining squares ABOVE, BELOW, LEFT and RIGHT of the winning square will also receive payouts.

EX: 1st, 2nd, and 3rd Quarters

	\$25	
\$25	\$400	\$25
	\$25	

4th Quarter

	\$50	
\$50	\$800	\$50
	\$50	

- If a square in the top/bottom row or far left/far right column is the winning square, the adjoining square will carry over to the row/column at the very top, very bottom, far left or far right.

EX:

A3	A4	A5
	B4	

Because A is the top row, the square ABOVE would carry over to the bottom and be

J4

- A final copy will be sent to the email addresses of all participants.
